Chairman

Swamy Vivekananda Educational
and Rural Development Trust

Message from the Chairman

It is with great pride and a deep sense of responsibility that I extend a warm welcome to all the students, faculty, and stakeholders of the **Swamy Vivekananda Group of Institutions (SVGI)** and the **Swamy Vivekananda Educational and Rural Development Trust (SVERDT)**. Our institution stands as a beacon of opportunity, inspired by the ideals of **Swami Vivekananda**, who emphasized the importance of self-reliance, service to society, and the pursuit of wisdom.

Since the inception of **SVERDT** in 2012, we have relentlessly worked towards bridging the educational gap between rural and urban regions, focusing on providing quality education in healthcare, pharmacy, nursing, and paramedical sciences. Through the establishment of institutions like **Swamy Vivekananda Institute of Pharmacy**, **Swamy Vivekananda Ayurvedic Medical College**, we have made it possible for rural youth to pursue their dreams without leaving their communities.

Our commitment to holistic development is reflected in the world-class infrastructure, dedicated faculty, and emphasis on both academic excellence and personal growth. By offering professional courses in diverse fields, we are empowering students to contribute meaningfully to the healthcare sector and the broader socio-economic development of their regions.

We take immense pride in the transformative role that our institutions have played in shaping the future of rural Karnataka, providing the youth with the skills, knowledge, and opportunities to become leaders in their chosen fields. As we continue to expand and innovate, we remain steadfast in our mission to offer quality education, foster research and entrepreneurship, and create a sustainable impact on society.

I urge our students to embrace the values of hard work, compassion, and integrity. Together, let us continue to build a brighter future for our communities, inspired by the vision of **Swami Vivekananda**.

INTRODUCTION ABOUT COLLEGE

The **Swamy Vivekananda Educational and Rural Development Trust**, established in 2012, is dedicated to advancing education, skill development, and socio-economic growth, particularly in rural areas. The Trust is committed to improving access to quality education in fields such as healthcare, pharmacy, nursing, and paramedical sciences. In 2016, it founded the **Swamy Vivekananda Institute of Pharmacy** in Lingsugur, offering a Diploma in Pharmacy (D.Pharm) program with an intake of 60 students, empowering local youth to pursue careers as professional pharmacists.

The institute boasts state-of-the-art facilities, including smart classrooms, fully equipped laboratories, a digital library, and an herbal garden. Additionally, it provides separate hostels for boys and girls, a college canteen, a playground, Wi-Fi-enabled campus, and transport services. The focus on personal development, pharmacist training, campus recruitment, and industry exposure ensures that students are thoroughly prepared for their professional journeys.

The faculty is composed of highly qualified educators with advanced degrees in fields such as *Pharmaceutics, Pharma Chemistry, Pharmacology, Pharmacognosy, Pharmaceutical Technology, and Pharmacy Practice*. In the academic year 2023-24, the Trust expanded its educational offerings by introducing a Bachelor of Pharmacy (B.Pharm) course, with an intake of 60 students, addressing the increasing demand for skilled professionals in the pharmaceutical industry.

VISION

To empower and transform rural communities by providing accessible, high-quality education in healthcare, pharmacy, nursing, and allied fields, fostering a generation of skilled professionals who contribute to the socio-economic development of their regions while upholding the ideals of self-reliance, service, and wisdom, inspired by **Swami Vivekananda**.

MISSION

Promote Access to Quality Education: To bridge the educational gap between rural and urban areas by offering professional courses in healthcare, pharmacy, nursing, Ayurveda, and paramedical sciences, ensuring students have the opportunity to excel academically and professionally without leaving their hometowns.

Develop Skilled Healthcare Professionals: To provide world-class training and education in various healthcare and allied sectors through innovative teaching methods, industry exposure, and a focus on personal development, ensuring graduates are well-equipped to meet the growing demand for healthcare professionals in rural areas.

Enhance Socio-Economic Growth: To contribute to the socio-economic upliftment of rural communities by creating job opportunities and fostering local talent, empowering students to become catalysts for change and development within their communities.

Create a Holistic Learning Environment: To offer a state-of-the-art infrastructure, including modern classrooms, laboratories, libraries, and extracurricular activities, that fosters a culture of innovation, research, leadership, and social responsibility.

Encourage Ethical and Development: To instill values of service, compassion, and wisdom in students, encouraging them to become not only professionals but also responsible citizens committed to making a positive impact on society.

This mission & vision reflect the Trust's ongoing commitment to education, healthcare, and community development, making a significant & lasting impact on rural areas, inspired by the legacy of **Swami Vivekananda**.
